

# Dietary Preference Form for Meal Modification

**Important!** Carefully read and follow the procedures for requesting a special meal accommodation. The school/site will return incomplete Dietary Preference Forms to the parent/guardian. If you have questions about this form, the school/site contact named in Part A below will assist you.

**Requests for children with a medical need not documented by a physician:** A completed request form may be filled out by a parent or legal guardian if the medical need falls within the USDA's child nutrition program meal requirements. These requests must be accommodated.

- Example of a medical need that falls within the USDA's child nutrition program meal requirements: child is allergic to strawberries and a different fruit can be substituted OR a child is allergic to beef and a different meat/meat alternate (protein) can be substituted.
- Milk substitutes must be USDA-approved. Juice and water may not be substituted for fluid milk as part of the reimbursable meal without a medical statement signed by licensed healthcare professional.

**Modification due to religious, ethical or cultural reasons that do not rise to the level of a disability:**

- A school/site has the option to make meal modifications at the request of a parent/guardian due to religious, ethical or cultural reasons.
- Part A of this form must be completed by a parent/guardian or school/site contact person.
- Parts B and C of this form must also be completed by a parent/guardian before the school/site can make meal modifications.

The meal modifications will continue until a parent or legal guardian requests that the modifications be changed or stopped on the Discontinuation Form, which is available from the school/site. It is strongly recommended that the Dietary Preference Form is updated annually.
